

## **FAQ's ACADEMIC AND SPORTS SCHOLARSHIP**

### **1. Will the students have to take the written exam in the second year?**

Students must retake the scholarship assessment in their second year to continue receiving scholarship benefits, in accordance with policy guidelines.

### **2. Is it applicable for siblings (in case of twins) in the same class?**

Siblings, including twins, can apply separately for the scholarship. However, the award will be based on each student's individual merit and performance.

### **3. What is the syllabus for the entrance test (scholarship)?**

The entrance test will be based on the academic syllabus from the previous year.

### **4. When is the test conducted?**

The test is held on scheduled dates announced by the institution.

### **5. If a student is already receiving a scholarship from any institution/government (merit/caste-based), can they apply?**

Students can apply, but their eligibility and continuation depends on the institution's scholarship policy and the rules regarding multiple scholarships.

### **6. If a student is taking training from an outside personal coach, is it allowed?**

Students can continue training with external coaches, but they must maintain their academic performance and fulfill the institution's scholarship criteria.
